

REMARKS

Enclosed herewith is a Substitute Specification in which the specification as filed has been amended in various places to correct typographical and grammatical errors, and also to add section headings. In addition, the specification as filed has been amended on pages 1 and 7 to cite corresponding U.S. patents.

Enclosed herewith is form PTO-1449 citing said corresponding U.S. patents.

In support of the above, enclosed herewith is a copy of the specification as filed marked up with the above changes.

The undersigned attorney asserts that no new matter has been incorporated into the Substitute Specification.

The claims have been amended to more clearly define the invention as disclosed in the written description. In particular, the claims have been amended for clarity.

Applicants submit this amendment is in conformance with 37 C.F.R. 1.312 in that the amendments are formal in nature only, and do not affect the scope of the claims.

Therefore, entry thereof is respectfully submitted.

Respectfully submitted,
